Notice of Privacy Practices (Effective September 23, 2013)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Understanding Your Health Record

A record is made each time you are treated at our Clinic. Your injuries, evaluation and test results, diagnosis, treatment, and a plan of care are recorded. This information is most often referred to as your "health or medical record," and serves as a basis for planning your care and treatment. It also serves as a means of communication among any and all other health professionals who may contribute to your care. Understanding what information is retained in your record and how that information may be used will help you to ensure its accuracy and enable you to relate to who, what, when, where, and why others may be allowed access to your health information. This Clinic uses health information about you for treatment, to obtain payment for treatment, and to evaluate the quality of care you receive, and as well as for other administrative and operational purposes. Your health information is contained in a medical record that is the physical property of our Clinic.

Our Responsibilities

This Clinic is required by law to maintain the privacy of your health information and to provide you with notice of our legal commitment and privacy practices with respect to the information we collect and maintain about you. This Clinic is required to abide by the terms of this notice, as currently in effect, and to notify you if we are unable to grant your requested restrictions or reasonable desires to communicate your health information by alternative means or to alternative locations. This Clinic reserves the right to change its practices and effect the new provisions with respect to all health information that it maintains (including such information that this Clinic had prior to implementation of the new provision). Other than for reasons described in this notice, this Clinic agrees not to use or disclose your health information without your authorization.

Use or Disclosure of Your Health Information Without Your Authorization

This Clinic may use and disclose your health information in order to provide "Treatment", obtain "Payment" and perform our "Health Care Operations", as well as other specific reasons as detailed below:

• **Treatment** – We may use and disclose health information about you to provide you with products and services or related medical treatment or services. To this end, we may communicate with other health care providers regarding your treatment and coordinate and manage your health care with others. For example, information related to your treatment may be shared with a health care provider, such as your physician, a pharmacist, nurse, or other person providing health services to you. This information is necessary for health care providers to determine what treatment you should receive. Health care providers also may record actions taken by them in the course of your treatment and note how you responded to the actions.

• **Payment** – We may use and disclose health information about you to others for purposes of receiving payment for treatment and services that you receive. For example, information regarding treatment you have received may be sent to you or someone who pays on your behalf (such as a family member or a credit card company) in order for this Clinic to receive payment. The information used in this fashion may include details regarding your services that identify you and could identify your diagnosis or treatment. Although it is unlikely, if other treatment providers need medical information about your treatment in order to bill for their services, we may provide it to them.

• **Health Care Operations** – We may use and disclose health information about you for administrative and operational purposes. Risk management or quality improvement personnel may use health information about you to assess the care and outcomes in your case and others like it. The results will be used internally to continually improve the quality of care for all patients. For example, we may combine medical information about many patients to evaluate the need for new products, services, or treatments. We may disclose information to health care professionals, students, and other personnel for review and training purposes. We also may combine health information we have with other sources to see where we can make improvements. We may remove information that identifies you from this set of health information to protect your privacy and to allow others to use the information to study health care without learning the identity of the

specific patients.

We may also use and disclose your medical information to:

- evaluate the performance of our staff and your satisfaction with our services;
- learn how to improve our facilities and services;
- determine how to continually improve the quality and effectiveness of the health care we provide; and
- conduct training programs or review competence of health care professionals.

• **Individuals Involved in Your Care or Payment for Your Care.** We may release health information about you to a family member or friend who is involved in your medical care. We also may give information about you to someone who helps pay for your care. In addition, we may disclose health information about you to an entity assisting in a disaster relief effort (such as the Red Cross) so that your family can be notified about your condition, status, and location. We may also disclose medical information about you to local authorities or utility companies if your home care is considered "life-supporting" and you require immediate attention in the event of an emergency or power outage.

• **Business Associates** – Our "Business Associates" are entities that provide services for us and that require access to certain information in order to provide those services. We provide some services, for instance, through contracts with business associates, including companies that receive phone calls from patients when our offices are closed and companies that store patient files for us. In addition, we also contract with accountants, consultants, and attorneys to provide us with services. When such services are contracted, we may disclose health information about you to our business associates so that they can perform the tasks that we have assigned to them. To protect your health information, we require the business associate to appropriately safeguard health information about you in a written agreement.

• **Reminders** – We may use health information about you to provide you with reminders about appointments.

• **Alternative Treatments** – We may use health information about you to provide you with information about alternative treatments or other health-related benefits and services that may be of interest to you.

• **Future Communications** – We may communicate with you via newsletters, mailings, or other means regarding treatment options, health-related information, disease management programs, wellness programs, or other community-based initiatives or activities in which we are participating.

• **Required by Law** – We may use and disclose health information about you as required by federal, state, or local law. For example, we may disclose health information for the following purposes:

- for judicial administrative proceedings pursuant to legal authority;
- to report information related to victims of abuse, neglect, or domestic violence; and
- to assist law enforcement officials in their law enforcement duties.

• **Public Health** – We may use or disclose health information about you for public health activities, such as assisting public health authorities or other legal authorities to prevent or control disease, injury, or disability, or for other health oversight activities.

• **Food and Drug Administration (FDA)** – We may use or disclose health information for purposes of notifying the FDA of adverse events with respect to medication and product defects or post marketing surveillance information to enable product recalls, repairs, or replacements.

• **Health and Safety** – We may use or disclose health information about you to avert a serious threat to the health or safety of you or any other person pursuant to applicable law.

• **Government Functions** – We may use or disclose health information about you for specialized government functions, such as protection of public officials, national security and intelligence activities, or reporting to various branches of the armed services.

• **Medical Examiners and Others** — We may use or disclose health information about you to medical examiners, coroners, or funeral directors to allow them to perform their lawful duties. If you are an organ or tissue donor, we may use or disclose health information about you to organizations that help with organ, eye, and tissue donation and transplantation.

• **Workers Compensation** — We may use or disclose health information about you to comply with laws and regulations related to workers compensation.

• **Research** — We may use or disclose health information about you for research purposes under certain circumstances. For example, we may disclose health information about you to a research organization if an institutional review board or privacy board has reviewed and approved the research proposal, after establishing protocols to ensure the privacy of your health information.

• **Information Not Personally Identifiable** — We may use or disclose health information about you in ways that do not personally identify you or reveal who you are.

• **Law Enforcement** — We may disclose your health information to the police or other law enforcement officials as required or permitted under state law or in response to a valid court order or a grand jury or administrative subpoena.

• **Health Oversight Activities** — We may disclose your health information to a health oversight agency that oversees the health care system and is charged with responsibility for ensuring compliance with rules of governmental health programs, such as Medicare or Medicaid.

• **Victims of Abuse, Neglect or Domestic Violence** — If this Clinic reasonably believes you are a victim of abuse, neglect or domestic violence, we may disclose your health information to the appropriate governmental authority, authorized by law to receive reports of such abuse, neglect or domestic violence.

• **Judicial and Administrative Proceedings** — This Clinic may disclose your health information in the course of a judicial proceeding in response to a legal order or other lawful purpose.

Use or Disclosure of Your Health Information With Your Authorization

Other uses and disclosures not described in this Notice will be made only with the individual's written authorization. You may revoke (take back) an authorization that you had previously provided by giving us written notice. In that case, we will cease using or disclosing your information for the purpose that you had authorized. The following are some examples of uses or disclosures that require your authorization:

• **Psychotherapy Notes.** We do not typically maintain psychotherapy notes on any of our patients. However, if we wanted to use or disclose any psychotherapy notes we had in our possession (for instance, as part of your medical record), we would have to ask for your authorization to do so, unless the use or disclosure was to undertake certain treatment, payment, or health care operation activities as described above.

• **Marketing.** We must obtain your authorization before we use or disclose your health information for marketing purposes, unless that marketing relates to certain treatments you are already undergoing (or available alternatives), the marketing is conducted face-to-face, or the marketing involves a promotional gift of nominal value.

• **Sale of Health Information.** This Clinic will not sell your health information to third parties for marketing purposes.

Your Health Information Rights

You have the following rights with respect to health information about you. To exercise any of your rights, please see the contact information at the end of this notice.

If you request a copy of your health information, we may charge you a fee to cover the costs of copying and mailing the information. If you request a copy of your information electronically on a portable electronic media device (such as a CD or USB drive), we may charge you for the cost of that media device.

In certain very limited circumstances, we may deny your request to inspect and copy your health information. If you are denied access to your health information, we

• **Right to Amend** If you feel that health information about you that we maintain in certain groups of records is inaccurate or incomplete, you have the right to request that we amend the information. You have the right to request an amendment as long as we maintain the information. Your request must be in writing and include a reason supporting the request.

In certain circumstances, we may deny your request to amend your health information. If your request for an amendment is denied, we will explain our reasons in writing. You have the right to submit a statement explaining why you disagree with our decision to deny your amendment request. We will share your statement when we disclose health information about you that we maintain in certain groups of records.

• **General Right to Request Restriction** You have the right to request a restriction or limitation on the health information about you that we use or disclose. Your request must be in writing. • **Right to Restrict Disclosure to a Health Plan** You have the right to request that we not disclose the portion of your health information developed during a treatment that you (or someone else) paid for entirely out-of-pocket to your health plan.
